

810 series Mounting Brackets, Tubing & Connectors

Specification Sheet 1

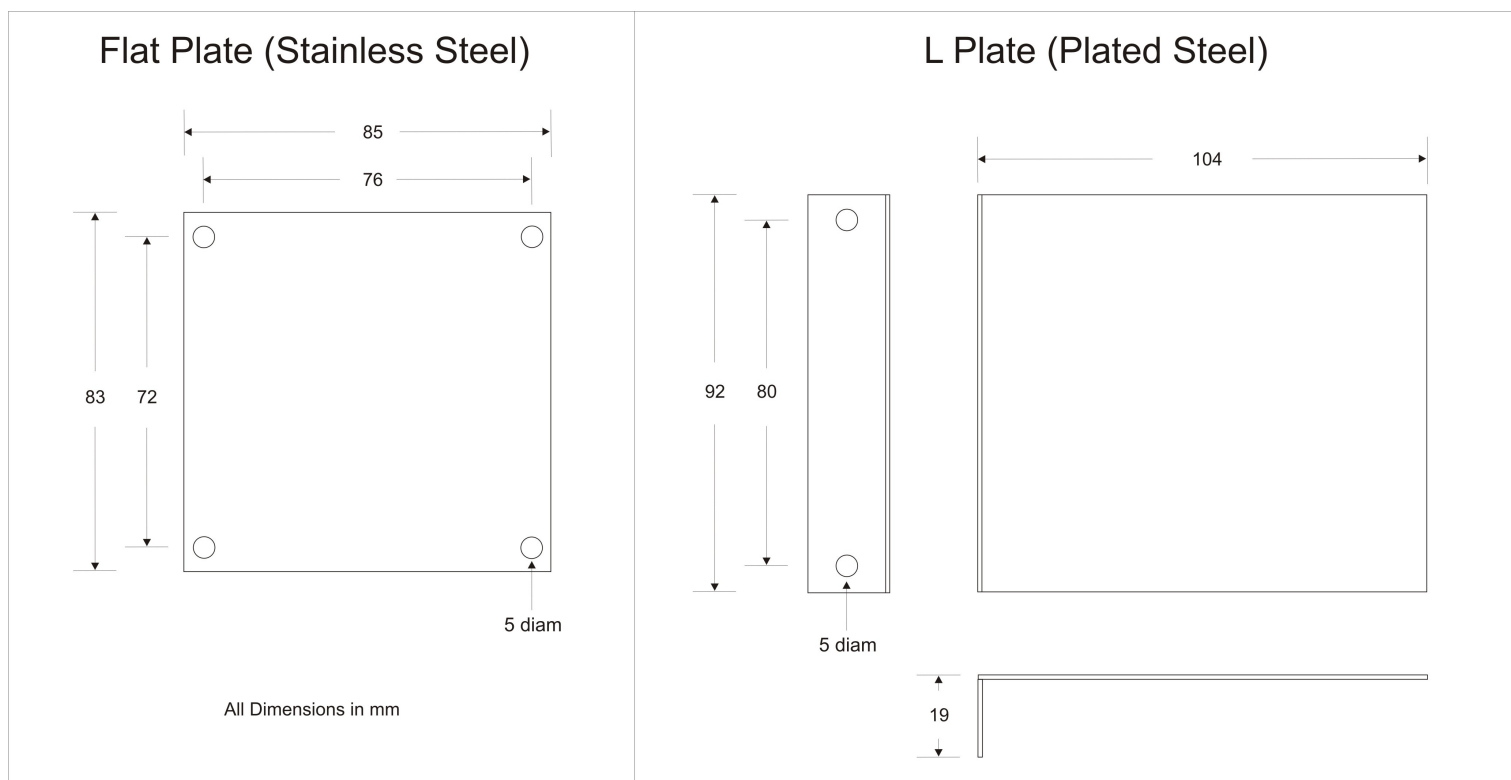

The ever popular WPL 810 series peristaltic pumps are available in a range of AC and DC motor options and various tube size combinations delivering flow rates as high as 987 ml/min. They are self priming up to 29 ft. (8.8m), can be run dry continuously, and are non-siphoning.

The easiest way to place an order is via our online shop at <http://www.williamson-shop.co.uk> but please contact us for any requirements not listed or to place an order over the phone.

810 series Mounting Brackets

L	L shaped
F	Flat
K	Kit (no bracket)

Add above code as suffix to pump model number to select chosen bracket. eg. 810-143-230-250/2-L would have an L shaped bracket. Where no suffix is shown the flat plate will be supplied.

The Williamson Manufacturing Company Ltd provides no warranty on usage of pumps. We recommend that life tests be carried out prior to use.
